6TH INTERNATIONAL CONFERENCE ON EDUCATIONAL INNOVATION

Main Topic:
Educational Innovation in Science, Technology and Society

Objective:

Promoting discussion, analysis, reflection and exchange of innovating experiences connected with research and human rights which have merged science, technology and society from an educational point of view

The conference will be held in two modes:

- ❖ Distance: This mode will be carried out from September 5th to October 9th, 2011. One topic will be discussed each week. Conclusions will be included in the conference minutes and they will be presented from October 10th to 13th. In order to participate in this mode of the conference, please visit the conference web page.
- ❖ Face to face: This mode will be carried out at Centro de Formación e Innovación Educativa on Wilfrido Massieu Avenue and Luis Enrique Erro Street, Unidad Profesional “Adolfo López Mateos”, Zacatenco, Delegación Gustavo A. Madero, Mexico City on October 18th, 19th, 20th, and 21st, 2011.

Participations may be on the following topics:

- 1. The impact of educational innovation on science, technology and society**
This topic will encourage reflection on the relationship between the proposals of educational innovation and their consequences on the fields of science, technology and society.
- 2. Science, technology and society and their link with educational processes**
This topic will promote reflection on how scientific development and technological growth influence learning processes, teaching, and professional training.
- 3. Curricula, diversity and social commitment**
This topic will encourage discussion on the way the STS approach has been merged with curricula in order to not only make scientific development and technological improvement accessible to people but also promote public participation in techno-scientific decision making.
- 4. Innovation and research in learning environments**
This topic will enable participants to reflect on the way innovation and research provide elements to design learning environments.

Ciencia, Tecnología y Sociedad en la Innovación Educativa
 Fase a distancia:
 Del 12 de septiembre al 16 de octubre de 2011
 Fase presencial:
 Del 18 al 21 de octubre de 2011
 Instituto Politécnico Nacional
 Centro de Formación e Innovación Educativa
www.cfie.ipn.mx

5. The social commitment of educational institutions

This topic will try and promote reflection on the social commitment of educational institutions in order to encourage a STS education in schools and in the social environment.

❖ **Distance mode**

This mode is optional and cost free. Distance mode conclusions will be presented at the face to face conference, where mechanisms for inter-institutional collaboration will be carried out.

❖ **Face to face mode**

This mode will offer an environment to not only promote continuing education and peer discussion, but establish working groups as well. There are two types of face to face participation: as an attendant or as a speaker.

As an attendant you will be able to take part in keynote speaker sessions, panels, book exhibits, and expoInnova

As a speaker you will be able to share your research in progress or final results in

- a) a roundtable
- b) a poster presentation

Interested speakers must develop their presentations in line with the topics of the conference.

Registration Those willing to participate in both or any of the modes please register at www.cfie.ipn.mx

Paper Submission date: from May 2nd to July 3rd
Notification of acceptance: from July 4th to September 2nd

Proposals must comply with the requirements available at:
http://www.cie.cfie.ipn.mx/VIciie/content/trabajos_carteles.htm

Proposals which do not comply with these requirements will not be reviewed.
