Desarrollo del tema

“Making Suggestions”

“I’m always late for class”
You **should** wake up early.

“They need money”

It could be a good idea to sell their car.

“I lost my favourite book”

Have you thought about buying another one?

“My dog is sick”

You should take it to the vet.

“I don’t have a computer to work with”
Why don’t you work in the computer lab?

“I would like to improve my speaking skills”
It is a good idea to practice with a native speaker.

“I don't like my job”

What about looking for another one?

“I don't get along with my roommate”

Have you thought about talking to him/her?

Give a suggestion to each problem:

“I don't have money”.

“I am fat”.

“I can't speak Nahuatl”.

“I failed my French test”.

“I can't swim”.

“I lost my friend's favourite CD”.

“I broke up with my boyfriend”.

“I don't have a computer”.

“ He can't drive ”.

“They failed their math exam”.

- You should...
- Why don't you...
- It could be a good idea to...
- One thing you could do is (to)...
- What about... (ing)
- Have you thought about...(ing)

PROJECT

1. Choose one of the situations below and make a list of suggestions.
2. Make a power point presentation and show your possible suggestions to your classmates.

“My best friend seems anxious a lot. She bites her fingernails and looks tired all the time. I don't think she's eating right, either ”.

“I argue with my girlfriend all the time. I try to do things for her, but we always end up in a fight”.
